Net Games Start For PHS On Jan. 9th

Coach Bill Howard has been putting his Pahokee High Blue Devil basketball squad through daily workouts in preparation for the season's opener with the Belle Glade Golden Rams at Belle Glade Jan. 9.

Howard is building his team around four returning lettermen, Danny Mullis, Lewis Pope, Harry Lewis and Eugene Caruthers. A fifth letterman, Robert Goodson, will become eligible to play at the end of the semester, Jan. 30.

Mullis, who placed seventh in Suncoast Conference individual scoring last year, is expected to pace the Blue Devil scoring this season. Howard is being assisted with his coaching work by Coach Webb Fell, head football coach, who is in charge of the B squad. Both coaches are being handicapped by a lack of reserves, as only 17 boys have turned out as candidates for both the A and B teams.

Practice sessions have been suspended through Christmas week, with daily workouts to be resumed Dec. 29, according to Howard.

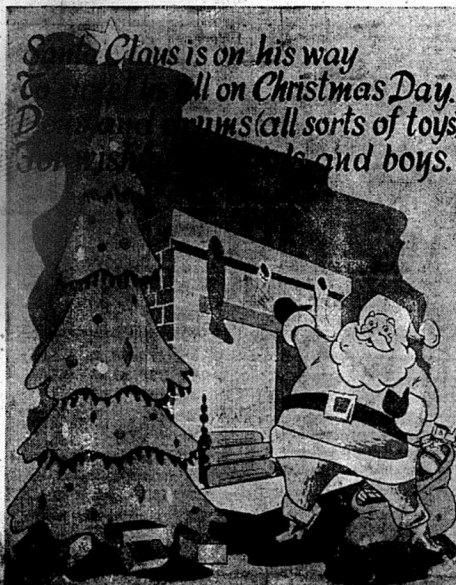

The Pahokee 16-game schedule: Jan. 9, Belle Glade, there; Jan. 13, Clewiston, here; Jan. 16, Fort Pierce, there; Jan. 23, Seacrest, there; Jan. 24, Lake Worth, here; Jan. 27, Vero Beach, here; Jan. 30, Stuart, there; Feb. 3, Belle Glade, there; Feb. 5, Clewiston, here; Feb. 10, Fort Pierce, here; Feb. 13, Okeechobee, here; Feb. 14, Lake Worth, there; Feb. 17, Seacrest, here; Feb. 20, Vero Beach, there.

Yuletide Season Noted In Pahokee

Pahokee Lions were hosts to several hundred children at the annual Lions Christmas party in the city park Saturday afternoon. Santa Claus, who arrived at the party in a city fire truck with police escort, supervised the distribution of Christmas treats to all children present. Santa Claus also visited Canal Point Monday afternoon, making his headquarters at the Canal Point Pharmacy and bus station.

The Pahokee Chamber of Commerce, in cooperation with the city of Pahokee and the Florida Power and Light Company, has made a special effort this season to transform the downtown section into a festive holiday setting for the innumerable Christmas and New Year parties and programs being conducted by various civic, social and religious groups.

Colored lights have been strung above the streets in the downtown area of Main Street, Lake Avenue and Bacom Point Road. A large decorated public Christmas tree has been erected on the square opposite the Bank of Pahokee, with a nativity scene dominated by a brightly lighted star in the background. Giving a final touch to the holiday spirit is the Christmas music broadcast in the downtown area over a public address system.

At Christmastime

As a rule when we think of Christmas we think of the youngsters—their wants, needs and desires. But, we here at The Everglades News office also like to think of Christmas as a time when grown-ups are considered. And at this joyous holiday season we extend sincere wishes for the very merriest of yuletide occasions. It is our hope that you and yours will have all the good things you so rightfully deserve. May Jolly Old Saint Nick bring you an abundance of gifts and may the coming year provide the many blessings needed to make life well worth living.

Special Parking To Be Arranged Pahokee

The Pahokee City Council at a meeting Monday night voted to have two five-minute time limit parking signs erected in front of the post office and 15-minute parking signs placed at the spaces in front of the Standard Oil filling station opposite to the post office. The action was taken after an open discussion of the parking problem at the post office was held at the meeting, with several residents participating.

Marvin Cowart, streets superintendent, was authorized to purchase new tires for the motor vehicles used by his department.

Singing Convention To Meet Sun., Dec. 28

The Everglades Singing Convention will meet Sunday, Dec. 28 at the Church of God on Barfield Highway, according to an announcement by "Babs" Uthegrove. All singers who enjoy good singing are cordially invited to attend.

New Year's Eve Sing Everglades Theatre

An all-night gospel sing will be held at the Everglades Theatre building in Belle Glade, starting New Year's Eve at 9 a. m., according to Elmer Uthegrove, president of the Glades Singing Convention. The singing of the Uthegrove Quartet of Pahokee and other quartets and trios from Lakeland, Miami and Tampa will be featured on the program. Everyone in the Glades area is invited to attend.

Folks Near Airport Don't Like Noise

Airforce officials this week were considering two sets of petitions concerning the future status of International Airport. The petitions—both for and against continued operation of the base near West Palm Beach, were presented to the county Commission at its meeting Monday.

One petition, bearing less than 100 names, was presented by Mrs. Dora Rice, protesting the noise from the base and requesting that the Airforce build a new base of operations farther west. The second set of petitions—bearing more than 1000 names asked that the operation of the base remain on its present status.

Commissioner Paul Rardin, who was chairman of the board at the time final plans were completed for reactivation of the base, called attention to wording in the protesting petition saying that "it was the impression that International Airport" was to be a ground school.

Commissioner Rardin and the other members of the board all emphasized that fact that when the field was turned over to the military that it was done "with no strings attached" and that no provisions for any particular type of operation had been discussed.

Commissioner Lake Lytal said that our only understanding was that "International Airport" was to be used as an airport.

Inauguration

Palm Beach County will be represented next month at Tallahassee when Dan McCarthy becomes Florida's next governor. The board at meeting this week made plans to have the entire commission plus the County Engineer and County Attorney and their assistants and the board's executive secretary attend the inaugural ceremonies at the state capitol.

Santa Claus Visit Canal Point On Mon.

Santa Claus was a visitor at the Canal Point Pharmacy on Monday afternoon of this week. He brought along a big bag of candies for all the little boys and girls who paid him a call. He spent the afternoon in the store and made notes of all requests from the children who sat on his knee and made their wants known.

Contract Signed For Two Bridges

Announcement from Tallahassee is to the effect that contracts have been signed between the State Road Department and Cleary Brothers for early construction of a new bridge at Canal Point and another at Six Mile Bend. The contract price for the two bridges was \$357,000. County Commissioner Paul Rardin, under whose direction the detour bridge in Canal Point will be built, said he had issued instructions to the county engineer to proceed with construction of this particular piece of work to carry traffic while the new bridge is being built.

Bridges at South Bay and Lake Harbor were to have been in the November letting according to advances from the SRD at an earlier date, but, when bids were asked by the Road Department only two were sought.

CANDLES FOR Christmas

Candles have lighted Christmas eve around the world for generations.

It has long been a custom in Ireland to place a lighted candle in the window to guide the Christ-child on his way, and the use of candles appears in other lands in many ways.

In Czechoslovakia, for example, tiny candles are set upright in nutshells and floated in pans of water. Armenians use myriads of candles in preparing their Christmas decorations.

At unique church services in Labrador each child receives a little lighted candle standing in a turnip, and keeps it until after the services, at which time the turnip is eaten.

In Norway, families arrive at church on Christmas eve, each carrying a flaming torch. These are stuck in the snow while the good-folk attend the services.

Redeemer's Birthplace In Ancient Bethlehem Still Scene of Worship

The scene of the Redeemer's birth at Bethlehem is the site of a full day's worship and prayer each Christmas Eve. The faithful come from all parts of the world to join their voices in adoration and to see the solemn reenactment of the birth of Jesus of Nazareth.

Discontinued for six years during World War II, the pontifical mass and ceremony was renewed in 1945. As the stars on the hillside and the pale moon wrapped the town of Bethlehem in an aura of holiness, the voices of the humble echoed in prayer from the little Church of St. Catherine, built on the hallowed rock of the most sacred spot of the Christian world.

The mass was celebrated at 10 p.m., the voices of the choir-boys ringing out over the surrounding hills. At the stroke of 12 the great bells of the tower of the nativity rang out, loud and clear.

The vicar, holding an image of the Christ Child, joined a procession of priests, acolytes and choir-boys. By flickering candlelight the procession filed over the stone steps leading to the grotto of the nativity. The vicar placed the tiny representation of Christ on the sacred spot where, many years before, the Redeemer came.

Balsam Recommended As Best Yule Tree

In choosing a Christmas tree, many look for trees that will not shed needles quickly indoors. Highly recommended are balsam and Douglas firs, which usually will hold their needles as long as two or three weeks in a warm house.

Balsam is fragrant beyond all other Christmas trees, has long

lower branches and thick spire-like top. Its needles do not stab the hand. Like the needles of all firs, they are usually flattened, not squarish.

For longer life, place the tree outdoors in a bucket of water for 24 hours before putting it up, or place in a waterproof container of wet sand and keep the sand moist.

Outdoor Writers In Quarterly Meet

MARATHON—Florida Outdoor Writers gathered here for their quarterly meeting last week end and were amazed at the development taking place on this fast growing area.

They were guests of Phil Sadowski and Son, developers of Marathon Shores and operators of the luxurious Key Motel.

Business sessions were curtailed and the outdoor writers welcomed an opportunity to indulge in the several types of fishing for which the section is famed—ocean, gulf, skiff, arm chair and bottom.

Despite a spell of snappy weather that sent the mercury tumbling to a low of 53, it warmed up during the day and anglers competed for numerous trophies with everything from heavy tackle to light spinning outfits, and all caught fish.

Luxurious cottages were assigned each guest, and the facilities of this fascinating vacationland which include swimming, sun-bathing and other forms of recreation were made available.

In addition to the magnificent motel development Sadowski and Son are opening a new real estate development, Marathon Shores, where they are building modern cottages that may be purchased at very reasonable prices for personal use and rental.

Mr. and Mrs. Homer J. Clause have as holiday guests their son-in-law and daughter, Mr. and Mrs. John Strickland, of Waynesboro, Ga.

aldrin

Aldrin—approved by agricultural authorities for control of certain soil pests—has established a fine record for wireworm control on sugar cane, corn and sweet potatoes.

Easy-to-use aldrin can be applied to soil in two ways:

1. Apply aldrin directly on the ground, as dust or spray, and harrow it in when preparing seed beds.
2. Have your supplier mix aldrin with your fertilizer and apply with conventional row treatment.

Using either method aldrin is applied in small amounts . . . it's economical. Aldrin gets other insects at the same time. It controls rootworm and other pests . . . is now approved for controlling wireworm on sweet potatoes.

Christian Science Group Of Canal Point

That Christianity, as taught by Jesus, is a demonstrable Science, is the keynote of services to be held in all Churches of Christ, Scientist next Sunday. Subject of the Lesson-Sermon is "CHRISTIAN SCIENCE."

Jesus' admonition, according to Matthew (10:8), provides the Golden Text: "Heal the sick, cleanse the lepers, raise the dead, cast out devils; freely ye have received, freely give."

Included among Bible passages is the following from Luke (8:1): "Then he called his twelve disciples together, and gave them power and authority over all devils, and to cure diseases."

Citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "The Principle of divine metaphysics is God; the power of divine metaphysics is the Truth over error; its rules demonstrate its Science" (p. 111).

Strawberries At Plant City Despite Cold

WINTER HAVEN — Vegetable movement is expected to be slow and in some areas light due to the past week's cold weather. The State Farmers' Markets reporting to the office of the Director of the State System advise generally lighter volume than ordinary, retarded growth and maturity because of frost or damage from cold wind.

In spite of the cold a light volume of strawberries will be available through the Plant City State Market for Christmas dinner at prices ranging from \$1.00 to \$1.45 per pint. A total of 533 pints moved through the market last week along with light supplies of squash, pepper, English Peas and Irish potatoes. Prices generally were satisfactory.

The results of a survey shows that 17 percent of the 6300 couples interviewed said they want to retire in Florida.

Cinematic Chatter

Hello everybody! The saga of Vaughn Monroe is a typical success story. While today his name is a national by-word, just a few years ago Vaughn was an unknown factor in the entertainment field who had experienced a tough struggle for survival and recognition. Born in Akron, Ohio, on October 7th, 1911, the son of a rubber experimental engineer, Vaughn began his musical career at the age of 11 when he came home from school one day carrying a battered old trumpet. He explained to his puzzled parents that "the kid down the street gave it to me on account of he just got a drum and he likes it better." Much to the surprise of the household, young Vaughn took up the instrument seriously and throughout his high school days and for two years after graduation, he played with the local bands earning and saving money to help finance a college education. By this time Vaughn had developed quite a reputation, but what he really wanted to do was sing. He enrolled in the School of Music at Carnegie Tech, studying during the day while working at night, but was forced to leave school when the grind became too grueling. He took a job with Austin Wylie's band, and later with a large group led by Larry Funk. In addition to his musical chores, he served as a driver for the instrument truck and as treasurer for the band. Vaughn took his boot training in one nighters at this time, as the band toured the country from Boston to Texas. In 1937 he left Funk and went to Boston to accept a previous job offer from the late Jack Marshard, who had built a reputation in the east, organizing and managing a group of society orchestra. Vaughn began as a trumpet player, later did some vocalizing and finally was promoted to leader of one of the units. From then on Vaughn's rise was rapid. Landing him in the top bracket of disc popularists and stardom in the movies, Vaughn lives with his wife and two daughters, Candace, eight and Christina, home in the suburbs of Boston. In five, in a beautiful Georgia-styled spite of his tremendous success he is happiest when he is at home surrounded by his family. See you at the movies—Mal.

Price Is Steady

LAKELAND — Florida citrus growers have been assured by the Florida Citrus Mutual that the price they receive for fruit will not be affected by price cuts reported by some producers in the finished frozen orange concentrate.

Mutual's general manager, R. W. Rutledge, advised growers to take an optimistic view of disposing of their fruit and said that Mutual will keep all members fully informed of any change in conditions that might affect the price the grower gets for his fruit.

CHRISTMAS BACKDROP

Christmas Seal Idea Conceived In Denmark

A DANISH postal clerk thought of the idea of attaching stamps to Christmas packages and letters in 1903, and a few years later the scheme was tried in America.

This year millions of Americans will receive a letter from their local chapter of the National Tuberculosis association containing Christmas seals, the seasonal reminder of the never-ending fight to stamp out the disease.

Einar Holboell, at work in a Danish postoffice conceived the idea of attaching decorative stamps to Christmas packages, the sale of which could be conducted by some worthwhile organization.

He mentioned it to his fellow workers and they decided it would be a great help in defraying the cost of fighting tuberculosis. The idea reached King Christian, who approved, and the image of Queen Louise was placed on the first seals in 1904.

Jacob Riis, Danish-born American, heard about the idea and sold it to the American public in 1907 through a magazine article written for Outlook magazine. A Red Cross worker, Miss Emily Bissell, started the first American sales that year.

The practice of holding "open house" has been a Christmas tradition through the years.

The Saxon lords threw open the doors of their great halls to peasant and noble alike during the festive season and all enjoyed great feasting, songs and the exchange of gifts. A tremendous Yule log was dragged upon an open fire pit and festivities lasted until the embers alone remained.

The same custom was followed in the pre-Civil War South. The slaves often soaked a log in the cypress swamps long before Christmas so that it would burn slowly, and extend their Christmas freedom.

"Open House" during the Yuletide season is a true mark of democracy and a realization that he who was born on Christmas day came to have all men.

Origin of Symbolic Tree

Shrouded in Old Legends

The origin of the Christmas tree symbol is shrouded in legends that reach back to the period of Druid tree worship long before the advent of Christianity. Credit for tree decoration and gift-giving, however, is generally given to Germany, where the customs were started in the 16th or 17th centuries. Over a period of years the practice spread into northern Europe and from there to America.

Outdoor tree decorating is essentially an American trademark and a special feature of community spirit. The best known outside displays in America are on the White House lawn and at the Rockefeller Plaza in New York City.
